Internship & Experience:
Web Developer at Oasis Infobyte from March 2022-May 2022.
Company site: https://oasisinfobyte.com/

Role: Frontend Developer Intern

During my internship in web development, I gained valuable hands-on experience working various project, including a portfolio website, a landing page, and a temperature convertor.

GeoReach Technologies | *August 2024 – Present*
Company site: https://georeachtech.com/
Role:Jr. Web Developer
As a Jr. Web Developer at GeoReach Technologies, I specialize in creating and maintaining dynamic websites using WordPress, developing custom PHP functionalities, and designing interactive components with React. My role involves collaborating with teams to deliver tailored web solutions that meet client needs while ensuring seamless performance and user experience. This position has allowed me to enhance my technical expertise and contribute to innovative web development projects.

Projects:

- **Hotel management System:**
  Technologies: XAMPP, HTML, CSS, JavaScript and MySQL.
  Contribution:
  Conducted requirement analysis, developed UI and booking management. Implemented room filter and performed comprehensive testing. Prepared technical documentation and system diagrams

- **Cryptoverse:**
  Technologies: React, API, Redux, Axios, Chart.js.
  Contribution:
  Developed a platform to fetch and display real-time data for all cryptocurrencies. Implemented real-time price graph visualization. Used APIs for continuous data updates.

- **Gym Exercises:**
  Technologies: React, API, Axios.
  Deployed Site: https://gym-exercises-deploy.netlify.app/
  Contribution:
  Developed a platform to search exercises. Provided GIFs and video links for each exercise. Utilized APIs for fetching exercise data.

- **Fake news detection System:**
  Technologies: Python, Jupyternotebook, Flask.
  Contribution:
  Researched detection techniques and developed backend with deep learning and NLP. Designed user-friendly frontend for news submission and results. Documented technical specifications, system architecture, and algorithms.

Certifications:

- **Web Development (Internshala)**
- **ReactJs (Udemy)**
- **Data Science (Udemy)**
- **MERN Stack Development (iTpreneur Institute)**
-

Educational Qualification:

- **B-Tech, Computer Engineering**
  College: Navsahyadri Education Society's Group of Institutions
  Year: 2020-2023
  CGPA: 8.46/10
- **Diploma, Computer Engineering**
  College: Maharashtra Institute of Technology
  Year: 2016-2019
  Percentage: 69.75%
- **SSC(X)**
  School : Vishwakarma Vidyalaya
  Year: 2016
  Percentage: 75%
