ARVIND PARDESHI

Pune Maharashtra || 9881031007 || arvindpardeshi007@gmail.com || Portfolio || GitHub || LinkedIn

SUMMARY

Computer Engineering graduate and **Full Stack Developer** skilled in **React.js, Node.js, MySQL Express.js, and MongoDB**. Experienced in building scalable web applications, **API integration,** and **performance optimization**. Passionate about problem-solving and continuously learning new technologies to enhance development efficiency.

EDUCATION

B.E in Computer Engineering 2023
Navsahyadri Group of Institutes, pune
CGPA: 7.9

Diploma in Computer Engineering 2019
Maharashtra Institute of Technology, Pune
Marks:69.75%

S.S.C 2016
Vishwakarma Institute of Technology
Marks: 75%

PROJECTS

Hotel Management System
Technologies: HTML, **CSS**, **JavaScript**, **MySQL**
Contributions: Conducted **requirement analysis** and developed the user interface. Implemented **booking management** features and **room filtering** system. Performed **comprehensive testing** to ensure system **reliability**. Prepared technical documentation and system diagrams.

Cryptoverse
Technologies: React, **APIs**, **Redux**, **Chart.js**
Contributions: Developed a platform to fetch and **display real-time** cryptocurrency **data**. Implemented dynamic price **graph visualization** using Chart.js. Integrated APIs for continuous data updates and **real-time insights**.

Gym Exercises
Technologies: React, API
Contribution: Developed a platform to **search exercises**. Provided GIFs and video links for each exercise. Utilized APIs for **fetching exercise data**.

Fake News Detection System
Technologies: Python, **Jupyter Notebook**, **Flask**
Contributions: Researched and implemented **deep learning** and **NLP techniques** for fake news detection. Developed a backend using Flask for **real-time news** verification. Designed a user-friendly frontend for news submission and result display. Documented technical specifications, system architecture, and algorithm details.

CORE COMPETENCIES

- HTML, CSS
- JavaScript
- React.js
- Node.js
- Express.js
- MySQL

- C/C++
- MongoDB
- Tailwind CSS/Bootstrap
- JWT (JSON Web Token)
- Redux
- Git/GitHub

PROFESSIONAL EXPERIENCE
GEOREACH TECHNOLOGIES

Jr. Web Developer   08/2024 to Current

As a Jr. Web Developer at **GeoReach Technologies**, I specialize in creating and maintaining dynamic websites using **WordPress**, developing custom **PHP** functionalities, and designing interactive components with **React**. I also work with **MySQL** for efficient **database management and integration**. In addition to development, I actively engage in **client interactions** to understand their requirements, provide technical insights, and ensure project alignment with business goals. This position has allowed me to enhance my technical expertise and contribute to innovative **web development projects**.

CERTIFICATIONS

- **Web Development** by Internshala
- **React.js** by Udemy
- **MERN Stack Development**, by ITP Institute
